

**Theme: Firm Foundation: Building with God's Word to Weather Life's Storms ~
Matt. 7:24,25**

Participants in this film festival will produce and submit a 30 second to 10 minute film.

- The scripture reference for the production will be required on the application.

Judging Criteria:

- The productions will be judged in four categories:
 - Originality of thought
 - Style
 - Adherence to theme's intent
 - Production quality
- Each judge will assign 0- 50 points to the category they are evaluating. Those points will be totaled to determine winners.

Awards:

- Individual by age group (age as of May 17, 2012):
 - Under 14
 - 14 - 12th grade
 - Homeschool graduate (HS Graduate to 25 years of age.)
- Family

Note: *It is understood that film submissions will involve the input and work of more than just one person. However, the bulk of the production (script, directing and editing) should be the product of the person listed as the producer/director. Please ensure that films submitted in the individual age groups are truly the product of the person listed as the producer/director.*

Note: *The representative (director or producer) will receive any recognition/award the production receives.*

- Awards Amounts: TBD.

We are thinking we will show as many of the top scoring productions as possible in a two hour time period.

Festival Film Presentation:

- Each presentation will include a brief introduction of the director, their scripture reference followed by the actual production.

- We will show as many films as possible in the two hours allotted for the event based upon their final overall scoring by the judges.
